

Who Is Taking Care Of Our Garden?

Our garden needs to be watered when it is dry. Test the soil with your finger. If it feels dry add water. Give it lots of water on Fridays to last the weekend!

Team	M	T	W	T	F

2.					
3.					
4.					

Each team is responsible for one week. Check off when you've checked the garden for the day. If you watered, put a W on the chart.
